

"Die Gleichzeitigkeit aller Räume - aller Leben - an einem Ort - theoretisch vorstellbar? Praktisch möglich! Die Gleichzeitigkeit individueller Realität - sxiome - alle Räume an einem Ort - zur selben Zeit; keine Zeit in Anbetracht der Unendlichkeit - überall und nirgends - oder dort aber wann? Theoretisch alle Räume - aber dann doch nur der Eine - der Meine - Informationsdilatation - die Gleichzeitigkeit von Raum, Zeit und Information - die Isotropie des Seins alles Eins ..."

"Environmental Audio TAG"

A: AROUND THE WORLD:

B: WATCH OUT FOR THIS STICKER:
 NOTE: "a sign - all you need is a sign..."

C: TURN THE RADIO ON:

CONGRATULATIONS - YOU'VE EXPANDED YOUR SPACE

How to make your own: Environmental Audio TAG

! Expand your Space

- 1) Mp3 Player with an fm transmitter function
 NOTE: maybe you want to download the low life transmitter / a album by element012
- 2) Fill it with Sound-Structure-Data-Information-Space-Time-Inertial frame of reference
 NOTE: think about the causal process behind the information.space.media & data...
- 3) bag your fm transmitter in a ziplock
 NOTE: this is the temporary version of your environmental audio tag / because of energy / for a timeless tag / you will need an additional solar supply
- 4) place and hide your audiotag in the environment / anywhere you want / do it / go out and proclaim your mental and physical space
 NOTE: to fix the transmitter use facade adhesive or a sticky tape
- 5) go to the metatektur.org site and print out the stickerformular...stick it around - in the transmitting area...dont forget the frequency!

NOTE: http://www.stubenmusicstudio.com/download/043.pdf

isotropy of information, time and space
